

European Trams!

By Katie Dokken

During the recent January Club Meeting I was in Belgium on a short trip with fellow WVM GRS club members, Mike and Twila Frieders.

I'd like to share the following photos of European Trams with the club members. The top two photographs are of trams in Brussels, Belgium taken during our January trip.

The other pictures are of German and Swiss Trams, taken on some of my previous trips to Europe.
